Memo

Subject no 203.

Summary of Discussion :— For the convenience of the people of Hosdurga Range, a Sub-treasury should be established at Hosdurga, under the Supervision of the Deputy Amildar.

Dewan's reply :— The question of establishing Sub-Treasuries at Deputy Amildari Stations will be considered as a general one.

Opinions and Suggestions of the Deputy Commissioners on the question of establishing Sub-Treasuries at Deputy Amildari Stations :— .

There is only one Deputy Amildar in Mysore Dt with Seringapatam as headquarters. A Deputy Amildar at Pariapatna in the Hunsur Taluk with a Sub-treasury would be a convenient arrangement if Sanctioned by Govt.

The entire collections of the Closepet Sub Taluk come up to

Rs 1,00,000. exclusive of the Sub-Divisional office's Establishment, Municipal and District Funds &c. The average yearly expenditure may range between thirty and forty thousand Rupees. A Sub-Treasury at Closepet will also afford some convenience to the local trade. Against this advantage there is however a cost to be incurred of about Rs 1500 a year, it being necessary to appoint a person on about 35 Rs a month to the Treasury. A better arrangement is, however, to do away with Sub Taluks by a readjustment of Taluks.

There is only one Sub Taluk viz. the Shimoga Dt viz Thirthahalli. Under present circumstances, there is no need for a Sub Treasury there and no complaints have been received from the people or officials. "If anything like a Sub treasury is to be decided for the convenience of the people or officials, cases like Sagar & Nagar (which have villages 32 & 28 miles from Headquarters) deserve favorable Consideration"

Deputy Commissioner, Shimoga.

Deputy Commissioner, Tumkur:— As the Sub Taluks are merely parts of the Taluks to which they are attached and as no accounts are kept in the Sub Taluks there seems to be no need to establish Treasuries in them.

Deputy Commissioner, Hassan:— Establishment of Sub Treasuries is convenient both for the people and the ryots. At present, the Deputy Amildar has no means of ascertaining whether the collections have been made to the Treasury or not. To have his own Treasury will enable him to know the exact State of the collections from day to day. On the other hand the establishment of a Sub Treasury involves an expenditure of about Rs 1200 per year:— In the Special case of the Gyan a Sub Taluk, as it has a large revenue of above a lakh of Rupees and is as large as some of the minor Taluks, a Sub-Treasury is desirable.

Deputy Commissioner, Kolar The establishment of a Sub Treasury at Srinivasapur is advisable while no Sub Treasury is needed for the small taluk of Gudibanda.

4

The absence of a Sub Treasury at Hosadroog is much felt. Also desirable to establish one there - A Sub Treasury at Harihar, though not so indispensable, is yet much needed. The establishment of Sub Treasuries at Harihar and Hosadroog may be sanctioned as a tentative measure for a year.

Urges the early est of a Sub Treasury at Harihar & Hosdroog.

The establishment of Sub-Treasuries will greatly conduce to the convenience of the ryots and public in General, especially in Sub Taluks Close to which there are Coffee Estates &c. But the Staff in the Sub Taluks would then have to be strengthened

SUBJECT. A Sub Treasury to be opened at Harihar.

LAST REFERENCE. Letter No. 132/123 dated 8th Aug: 1898

from the Dyleon mr, Chitaldroog

In connection with the murder of a Police Constable who was robbed of the money he was carrying from Davangere Taluk Treasury to Harihar for disbursement to certain officers on Plague duty, the Pt Councillor called for the following information:—

"What is the practice with regard to remittance of money required for disbursement at Harihar

Govt Pro. no 12426-7 930-6-98
R. 1202

The Dy Commr reports that remittances are now brought to Davangere from Harihar and vice versa by Special messengers who travel by the Railway, & that in future this arrangement is calculated to cause serious inconvenience, as the passenger trains running between Harihar and Davangere run late at night and it is very inconvenient for persons to travel with money at that hour. He further states that money transactions have of late very much increased owing to the large establishment maintained at Harihar to watch passengers coming from beyond the border and on account of the erection of the Sea. He therefore suggests a Sub-Treasury being opened at Harihar under the charge of the Dy Amildar, the Head Gumasta being placed in immediate charge of it & required to deposit Rs. 500 in

+ No 132/123 & 8th Aug 1892

cash or give some tangible security for that amount. He further suggests that an allowance of Rs. 5 per mensem may be given to the Head ~~Gumastay~~ for his additional work, & that a Nagari Gumasta on Rs. 15 & a Shroff on the same pay may be appointed temporarily as long as the Plague preventive arrangements last.

2 With reference to the Secretary's order in this connection, calling for previous references on the Subject of establishing Treasuries in Sub Talukas, it is submitted as follows:-

Subject No. 203.

During the D. R. Assembly of 1892, it was represented that for the convenience of the people of Hosadurga range, a Sub Treasury should be established at Hosadurga under the Supervision of the Dy Amildar; and the Dewan replied that the question of establishing

sub Treasuries at Deputy Collectors' Stations would be considered as a general one. Accordingly, the opinion of the Dy Commrs were invited in this office No. 2342-J dated 31st July 93. J. 189

The accompanying office note contains the opinion of the several Dy Commrs. The majority or most of them were in favor of establishing Treasuries in Sub Talukas with necessary establishments & proper Safe guards. The Dy Commr. of Chital-droog stated that the want of a Sub Treasury at Hosadroog and Hari-har was very much felt.

It was then observed in Govt Proc: No. 22839-46 J. 1558 the Subject dt 20. 6. 94 that would be considered after the revision of the Taluk Establishments.

In his Notes of Inspection a copy put up

of the Dy Amildar Magistrate Court at Srinivaspur, the Chief Judge observed among other matters that for want of a Treasury at Srinivaspur, which was very much felt, the fines realized in the Srb Taluk were accumulated & remitted to the Chintamani Taluk Treasury at the close of every month & that the location of a Treasury in each Srb Taluk would be a great boon to the people & would obviate the inconvenience felt in making remittances -

On a Petition, dt 8-3-95 from the people of Royalpad Hobli asking for arrangements being made at the Srb Taluk for receiving Collections &c, the Dewan observed that the general question might be discussed in Council. Accordingly the following draft Resolution was

circulated among the
Councillors.

On the representation of
the Ryots and village officials
of the Srinivaspur Sub
Taluk that they are put
to much inconvenience &
insecurity on account of
the necessity to take their
remittances to the Taluk
Treasury at Chintamani,
it was resolved that no ground
exist for regarding the
requirements of Srinivaspur
as different from those of the
other Sub Taluks or as calling
for present action and that
the general question of Sub
Treasuries for Sub Taluks
be reserved for consideration
in connection with the revision
of Taluk Establishments, as
already laid down in the
orders of Govt No. 22839-46
of 20 June 1894, and that
the Govt in the Revenue
take needful steps to expedite
such revision of Taluk Estts.

To The Chief Secretary to the Dewan of Mysore.

Sir,

In reply to your letter No. 2342-9/9,189 dated 31st ultimo, requesting my opinion and suggestions on the question of establishing Sub. Treasuries at Deputy Amildars Stations in this District, I have the honour to report as follows:—

2. There is only one deputy Amildars Station in this District Viz Kumsi, which is only 15 miles from Shemoga the Taluk Head Quarters

3. The Kumsi Sub. Taluk Consists

Consists of only two Hobbis
Comprising 107 Villages including
15 Becharagh Villages. Of
these 107, there are 61 Villages
in the Kunsi Hobli and the
rest in the Harnahalli Hobli.
Only 5 of the Villages of Kunsi
Hobli are from 20 to 22 miles
distant from Chennoja, while
the remaining Villages are only
from 7 to 18 miles.

4. Under these circumstances,
there is no absolute need for
a Sub. Treasury at Kunsi. In
the case of the few more remote
Villages, the deputy Amildar
can easily arrange to receive
the moneys in the Collection
Season and send them on
to the Taluk Treasury, if so
decided.

5 Honnalli is the smallest
taluk

Taluk in the District, and the cusba is 18 miles from the most distant Village in the Taluk. The Villages in other Talukes are more distant from their respective cusbas Especially Sagar and Nagar (Kallurkatte) which have Villages 32 and 28 miles away from them..

6. If anything like a Sub. Treasury is to be decided for the Convenience of the people and the Village officials, cases like Sagar and Nagar deserve the most favorable Consideration.

7. No Complaint on this score has as yet been received from the Village officials or people of the Kumsi Range

Sir,

Adverting to your letter No 2342-9/189 Dated 31st ultimo, I have the honor to state that the Esta-blishment of a Treasury in Sub Taluks is desirable if considered in the light of Convenience which it affords to the Raiyats and to village officials particularly. But its establish-ment involves an amount of expenditure disproportionate with the very small establishment of two Gumastas allowed to Deputy Amildars generally. For one Sheriff

one

one Nagadi Gumasta, one Gollur and a guard of the usual strength are necessary. On the smallest scale this would mean 96 Rupees per month as follows:—

	Shroff on Rs	15.
	Nagadi Gumasta on Rs	15.
	Gollur	6.
6	Sepoys at 7 Rs each	42 "
1	Naik @ Rs	8 "
1	Havaldar @ Rs	10
	Total Rs	96

Even if a smaller scale is adopted the Shroff should at least get 10 Rs a month and the Nagadi Gumasta a similar sum, the guarding establishment would be the same. Should a Treasury be established provision will have to be made for the transactions to be carried on in the absence

of the Deputy Amildar. His Head Gumasta is the only official next to him and in the event of his being required to furnish security his pay will have to be increased. There is at present one real defect. The Deputy Amildar is responsible for the prompt Collection of Government Revenue; but he has no means of ascertaining whether the Collections have been taken to the Treasury or not. Locally an arrangement has been made of sending him Copies of Irsal Pattis for his information. To have his own Treasury will enable the Deputy Amildar to know the exact state of Collections from day to day. But care will have to be taken not to keep a very large amount of balance. With this object, fre-quent remittances will have to be made to the Taluk or District

Treasury

Treasury as convenient. In the ways above pointed out it is disproportionately expensive and it is also troublesome to some extent. But to the village officials and to Ryots as well, it will prove of greater convenience and will be popular.—

2 — In the individual case of Gyana Sub Taluk as it has a large Revenue over a Lakh to deal with and is as large as some of the minor Taluks a Sub Treasury is desirable.—

If the Government approve of the pro-posal, the staff in Sub Talugs should also be strengthened simul-taneously as the no. of hands now given to them is hardly sufficient even to get through the present work there.

Sir, With reference to your office
No. 2342-19 dated the 17th instant,
J. 189
Calling for my opinion on the question
of establishing Sub Treasuries
at Deputy Amildars' Stations in
my District, I have the honour to
state that the absence of a Treasury
at Hosadroog is an inconvenience
which is very much felt by all
concerned. Hosadroog is fully
19 miles from Holalkere. Some
villages of the Hosadroog Sub Taluk
are situated at a much greater
distance from Holalkere than the
Head quarters of the Sub Taluk.
It seems to me desirable that a Sub
Treasury should be established at
Hosadroog. The Harihar Sub
Taluk

Valook is not as badly off in this respect as Hosadroog, but even there the want of a Treasury is much felt. I am for opening a Sub Treasury at Harihar also. A small increase of Establishment would be necessary. A Nagadi Sumasta on 15 Rs:, a Sheroff on 10 Rs. and a Collar on Rupees 5/ will have to be Newly entertained. No Rank Guard Seems necessary. A Police Duffedar and four Constables would be able to Guard the Treasury, as well as to escort Treasure to the Head quarters of the Valook. A limit may be fixed, and all money beyond that limit may be permitted from time to time to the Valook Treasury. Rs: 5000/- would be a fair limit. The Head Sumasta drawing Rs: 20/- and may be left in charge during the absence of the Deputy Amildar from the Station. He will have to furnish Security to the extent of Rs: 200/-

2. I beg to recommend that Sub Treasuries be established at Hosadroog and Harihar as a

end of which period, experience
will show whether the arrangement
could advantageously be made

SIR,

In obedience to your letter no: 2342-9 dated 31st July 1893 requesting my opinion and suggestions on the question of establishing sub Treasuries at Deputy Amildar's stations in this district (vide subject no: 203 of October 1892) I have the honor to state that there is at present only one Deputy Amildar stationed at Seringa-patam Head Quarters. A deputy Amildar at Periapatna in the Hunsur Taluk with a sub Treasury would be a convenient arrangement if sanctioned by Government (vide this office letter no: 1265 of 21st January 1891, recommending a deputy Amildar for Periapatam.)

Sir,

In reference to your No 2342-9 / J. 189 dated 31st July 1893, calling for opinion on the question of establishing Sub Treasuries at Deputy Amildars stations, I have the honor to forward, herewith, a memorandum prepared by the Deputy Amildar of Closepet

2. There are five hobblies attached to the Sub Taluk. The revenue collections in the five hobblies amount to Rs 97,740/- which exclude the Postal collections and Stamp revenue. The entire collections may be taken as Rs 1,00,000/ The Deputy Amildar does not mention the Sub Treasury Officer and his establishment, the Forest, the Postal and the Public works

works Department Then there are Municipal, District Fund and D.P.W. works. The average yearly expenditure may range between thirty and forty thousand Rupees A Sub Treasury at Closepet may afford some convenience to the local trade also.

3. . Against the advantage set forth above, is the cost. The Deputy Amildar estimates the expenditure at Rs 1042/ a year. He does not provide for a Taluk Sheristadar. It would be a mistake to place the Deputy Amildar in immediate charge of the Sub Treasury and thus confine him to the Head Quarters, nor would it be advisable to place a Head Gumasta on Rs 20/. in such charge. It is, I think, necessary to appoint a Treasury Officer - whether we call him a Taluk Sheristadar or Treasurer - on a higher pay. If Rs 40/. a month is too high a pay, we must at least pay him Rs

Rs 30/. a month. We may employ a Special Sub Registrar on Rs 35/., paying him from the Registration and the Revenue Department in equal proportions and set him to do the Registration and the Treasury work.

4. Perhaps a better arrangement will be to do away with Sub Talukas altogether by a readjustment of Talukas. It may increase expenditure in a few places by the establishment of new Talukas, but the increase may be met from the absorption of the other Sub Talukas.

be highly advantageous to the Local Trade which is carried on, more specially in Silk on a very large scale. Merchants (local as well as from abroad) are put to greatest inconvenience for want of a Treasury at Closepet in connection with exchanges of Currency Notes &c. &c. The Establishment of a Sub Treasury would moreover facilitate a good deal the remittances of revenue collections and other items of various sorts of revenue due to Government as well as to certain important Temples in this Sub Taluk.

The Establishment of a regular Sub Treasury will not likely be to cause complications in the preparation of Treasury Accounts provided the Sub Treasury is treated for all

ments imposed upon an independent Treasury in direct agreement with the District Treasury

It is however feared that there being no Shirastadar in the Sub Taluk the Deputy Amildar will have the immediate responsibility imposed upon him unless the Head Munshi is entrusted with the current work of the Sub Treasury when the Dy: Amildar is absent Members on duty; a practice by which the Head Gumasta is now entrusted with the Treasury work when Shirastedar is absent.

ORDER THEREON.—Upon a full consideration of the circumstances represented by the Deputy Commissioner of Hassan in the letter above read and of the local requirements as brought to notice during the Dewan's present tour through the Hassan District, the Government are pleased to direct the abolition of the present Deputy Amildar's charge with Head-quarters at Grama, and to establish in its place one with Head-quarters at Alur as recommended by the Deputy Commissioner. The new Sub-Taluk will consist of the present Hoblis of Ponnatpur, Palya and Alur, to the last of which should be added the villages to the west of the Yagachi from the Bayahalli Hobli without division of existing Shanbhog Firka or Firkas.

2. The Deputy Commissioner will submit for publication the required notification to give effect to this change from 1st July 1894.

3. The temporary establishment sanctioned in Government Proceedings No. 13368-9—G. 2979, dated 29th January 1893, with effect till 31st March 1893 will continue till 1st July 1894.

To

The Chief Secretary to the

Sir,

In continuation of my letter No 120/99 dated 19th August 1893 anent the opening of Sub-Treasuries at Hosadevoog and Hanikaw, I have the honour to state that the Executive Engineer recently represented to the Chief Engineer the great inconvenience felt by him owing to the want of cashing facilities at the two places above mentioned. In reply he was told to place himself in communication with me on the subject. He has accordingly addressed me letter No 95 of which a copy is herein enclosed for perusal.

2.

2. The suggestion made by him as regards the cashing of his cheques from revenue collections does not commend itself to me as a good one. Not only are there several objections to be urged against it but there is also the fact that there would be a difficulty in cashing cheques in Divisions other than the Collection Division.

3. It seems to me necessary to establish Sub Treasuries in connection with the Sub Taluk Cutcheries as already recommended by me. This would not only be beneficial to the people generally but also remove the inconvenience complained of by the D.P.W. The construction of a Sub Taluk Cutcherry at Hosadroog has recently been sanctioned by Government and will soon be commenced. In the event of the opening of a Sub Treasury being decided upon, it might be necessary to provide additional accommodation for it or to make a re adjustment and modification of the accommodation for which provision has already been made in the plan

plan and Estimate. Orders on the subject are therefore Solicited as early as convenient.

4. I may add that during my inspection of the Criminal Registers of the Sub Talook, I found that fines recovered by the Magistrate were not remitted to the Talook Treasury then and there, the reason being the great distance at which that Treasury is located. Such fines are reported to remain with a Clerk for several days and to be afterwards sent to the Talook Treasury in charge of a Constable. This is a highly inconvenient and objectionable procedure, to say the least of it. But daily remittances to the Treasury are impossible under present circumstances.

You are aware of the new projects sanctioned on the Hosadrug side, and projects contemplated on Harihar side. As it is the annual maintenance of road &c. works alone demand treasuries within easy reach, I shall therefore be obliged if by any means you could arrange with the Deputy Amildars to pay our D.P.W cheques out of their collections, and thus they would more conveniently and safely make cheque remittances instead of money remittances

Notes by the Chief Judge on the Inspection of the Deputy Amildar Magistrate's Court at Srinivaspur, dated 17th December 1894.

This Court was last inspected by the District Magistrate on 16th January 1894, and, subsequent to that date, 42 regular criminal cases and 28 miscellaneous cases were filed, all of which, with the exception of one regular case, filed on 13th instant, were disposed of.

In the disposal of case No. 33 there was a delay of three months; but this was owing to the non-appearance of the accused who was residing out of the jurisdiction of this Court and to compel whose attendance several processes had to issue. The other cases were promptly disposed of. The present Deputy Amildar (Shamanna) is an acting man; he has passed the required tests, and, during the short time he has been in charge of the Sub-Taluk, has disposed of the criminal work expeditiously.

The property register shows two cases pending. These were filed on 16th May and 15th September last. In both the usual Istibars have been issued.

The fines realized in this Sub-Taluk are not remitted to the Treasury immediately after recovery, but are allowed to accumulate during a whole month and remitted at the close thereof to the Chintamani Taluk Treasury. This is unavoidable, as there is no Treasury at Srinivaspur, the want of which is very much felt. The townspeople in a body represented to me the great inconvenience to which they were subjected in having to go to Chintamani every time they had to make a remittance, and begged me to remind the Dewan of his kind promise to give them a Treasury. Srinivaspur was formerly a Taluk. Even its present annual jamabandi is large. It is close to the Cuddapah frontier of H. M.'s Territory. It is a pretty large town of growing importance, and the request of the people, either for the restoration of the Taluk or the location of a Treasury, seems to deserve the favorable consideration of Government. The location of a Treasury in each Sub-Taluk would, I am sure, be a great boon to the people and obviate the inconvenience now felt in making remittances.

A copy of these notes will be submitted to the Dewan.

Sir,

I have the honor to state that the Srinivaspur Sub Taluk has a large revenue of upwards of Rs 77000/- and is equal to a small Taluk.

2. The question of reconstituting the Range into a Taluk has been more than once put forward by the inhabitants and seems to deserve consideration in due course as the present charge is too unwieldy to be managed by a Deputy Amildar with a very limited establishment.

3. The formation of a Treasury at Srinivaspur on a small scale is at present a desideratum as the absence thereof is much felt owing to the long distance of about 30 miles and more the Shanbhogues and Patels in the Kayalpad and Nelvanki Hoblies have to travel

in carrying their monthly remittances of revenue collections to the Taluk Treasury at Chintamani. These servants have been bitterly complaining of the various difficulties and risks they are exposed to in having to go to Chintamani with their Irsals.

4. The proposed Treasury is intended more for the receipt of the collections remitted from the distant Hobblies of the Rangers than for the deposit of any larger amount of treasure at the Deputy Amildar's cutcherry whose ordinary requirements in point of expenses are limited to the payment of the establishment charges and of certain pensions specially authorized to be disbursed at the Sub Taluk.

5. I beg therefore to request that you will be good enough to obtain the early sanction of Government to open a

small

small Treasury under the Deputy Amildar with an establishment consisting of a Nagdi Gumasta on Rs 15 a month with liability to furnish security to the amount of Rs 500 and of a Gollah on Rs 8 per mensem. A higher rate of pay is proposed for the Gollah with a view to secure the services of a competent local man with a knowledge of testing coins and ability to assist the Nagdi Gumasta in clerical work. He will also be required to furnish security for Rs 50.

6. The Deputy Amildar will be required to see that his Nagdi Gumasta is not left in charge of more than 2 or 3 hundred Rupees for current expenses and that the bulk of the Treasure is preserved under the joint locks of himself and the Gumasta.

7. The villages remittances received into the Treasury during the collection season will be carefully secured by the Deputy Amildars under joint locks

and

and when a sufficient amount has accumulated, the same will be duly packed under his personal supervision and transmitted to the Taluk Treasury under proper escort in the early part of every month.

8. A Police guard will for the present suffice for escort and watching purposes, the temporary services of Barr escort being utilized only when found necessary.

Sir,

With reference to your offical memo No. 80/2 dated 5th instant calling for a detailed report regarding the circumstances under which Constable Mahomed Hayath was murdered and robbed of Rupees 137-7-5, being the pay & of the Lady Inspecting Officer and of the Sub Assistant Surgeon, I have the honor to state that the deceased, one

of.

of the Plague duty Constables at Harihar went to Dawangere by the early morning train on the 18th June 1898 to cash at the Treasury the marginally noted bills he had been entrusted with by the Inspecting Medical Officer.

× Lady Inspecting Officer's Pay bill for May/98 £75-0
-do- audited batta bill for April/98 £47-0
Sub Asst. Surgeon Mr. Siddaffa's audited bill for (month not known) 14-15-0
137-7-0

2. On the morning of the 19th idem, the body of the Constable was found lying by the side of the Dawangere - Harihar road close to the Travellers' Bungalow.

3. The inquest held on the body by the Police disclosed that the deceased Constable had been brutally murdered by inflicting deadly injuries in many places on the body and robbed of -

the money he bore.

4. The presence of four horn buttons on the spot evidently shewed that before the murder, there was a scuffle between the accused and the murderer and that during which the buttons had been forced out of the coat, since one of which bore a piece of black alpaca, the material of the Coat.

5. The murderer who happened to be present at the inquest was immediately arrested and in the investigation Conducted by the Police the following Circumstances were revealed

6. The deceased Constable reached Davangere at 2 A.M. on the 18th, Cashed the bills at about 2 O.M. and was seen

in the Company of the accused Hussain sab, a vagabond who had left his village of Harlapur a month ago, and was living at Davangere. At about 9 P.M. on the same day, accused took the deceased to the Railway station.

7. After Committing the murder, the accused left for his village of Harlapur near Harihar cross Country taking with him the money and the bloody clothes including the deceased's handkerchief in which the money was secured and his blanket. On the way the accused threw into a Halla near Avargola which has about 9 feet of water such of the clothes as were fully blood

blood-stained, bundled up in the deceased's blanket and weighted with 8 stones and went to his house at 7 in the morning. He left in his house his wet clothes which he had well washed in the Halla, put on new clothing, and handing the money over to his grandmother with instructions to keep it safe, went to the Dispensary at Harihar, a distance of 2 miles from Harlapur to get dressed the injuries he had received in the scuffle which took place between the deceased and himself before the murder.

8. The Compounder in the Dispensary who is the brother of the deceased found

the accused in great excitement and dressed his wounds and just then, there was a message from Davangere intimating the sad news of the death of the Compounders brother and in Consequence he left for Davangere at once. The accused too followed the Compounder to Davangere along with a number of other persons and was present when the examination of the body was Conducted.

9. The highly excited Condition of the accused, the unusual dress he had put on, the new cuts on his person and the unsatisfactory

explanation he gave about them viz
that he was hurt when he was
removing the shell of a Cocoanut,
Coupled with the fact that he was
the last person seen taking the deceased
to the Railway station on the preceding
night created suspicion in the minds
of some of the Panchayetdars who
therefore directed the attention of the
Police to the matter and in Conse-
quence the accused was instantly
arrested.

10. In the house of the accused
the red handkerchief of the deceased
in which he had tied up the money
and the black alpaca Coat with four

buttons missing and some other
clothes of the accused were discovered
and also Rs 100/- were produced by
the grandmother of the accused
admitting that the same had been
given her by the accused. Besides
this Rs 4-8-0 which were ascertained
to have been given away at the
instance of the accused towards
the payment of a debt due by him
were also recovered. Finally the
bloody clothes of the accused were
found in a Halla bundled up
in the deceased's blanket and
weighted with 8 stones to keep the
bundle

bundle under water.

11. On the strength of the afore-said evidence the accused was placed before the Committing Magistrate who after hearing the evidence has Committed the accused to the Sessions.

12. The amount recovered in all is Rs 106-6-10 including Rs 1-14-10 found on the person of the accused. The balance of Rs 31-0-7 whose recovery does not seem to be possible has to be paid from the Treasury and for which a bill is herewith submitted for sanction.

To

The Secretary to the Government
of Mysore, General and Revenue
Department

Sir

With reference to your docket No. 433/28 dated 8th July last, regarding the robbery of remittance which a Police Constable was carrying from Davangere to Harihar, I have the honor to forward for the information of Government a copy of detailed report sent on the subject to the Inspector General of Police and to state that the Constable was going by rail and when waiting for the tra

train was induced to go to a little distance from the station and there murdered.

2. Remittances are now brought to Davangere from Harihar and vice versa by Special messengers who travel by the railway. In future however this arrangement is calculated to cause serious inconvenience. The passenger trains running between Harihar and Davangere run late at night and it is very inconvenient for persons to travel with money at that hour. Money transactions have of late very much increased owing to the large establishment maintained at Harihar to watch

watch passengers coming from beyond the border, and on account of the erection of sheds &c. Payments too require to be more frequently made. I therefore beg to propose that a Sub-Treasury be opened at Harihar to be in charge of the Deputy Amildar. The Head Gumasta will have immediate charge of it and will be required to deposit 500 Rs in cash or give Rangeble security for that amount. In consideration of this additional work and financial responsibility he will get an allowance of Rs 5 per mensem. A Nagadi

Gumasta

Gumasta on Rs 15/- and a Shroff on the same pay have also to be appointed temporarily so long as the Plague Preventive arrangements last. I beg that sanction be accorded to these arrangements being made. There is a secure place for keeping treasure in the Deputy Amildar's Office
